¹ Is made up of the following items in the income statement:
1. Revenues, 2. Student Union fees for students; 5b) other operating income.

Mission Statement

The Munich Student Union supports students in all social and economic issues and provides the perfect framework for successfully completing one's studies without worries.

We support all students.

However, we reach out especially to students who have difficulties studying due to financial, social or health reasons.

We work closely with students and universities in order to constantly improve our offers and participate actively in the development of university life.

We see ourselves as a partner of the students, constantly developing our range of offers and engaging in active quality management.

We maintain a cooperative style of leadership, as our most important resources are our employees.

We are a family-friendly student union. We help our employees combine work and family, and help studying parents organize their studies.

Conscious of our responsibilities for this generation and those to come, we make a great effort to act in an environmentally sustainable way.

We live in a world of data protection and this topic is very important to us. In compliance with the data protection laws, we handle the information we receive and process, with great care.

We are continuously striving to improve our work processes to better the quality of our services and products.

... damit Studieren gelingt!
